The following names were inadvertently deleted from the list when the computer reformatted the 75th Anniversary Book from its original format to the current Word Document format.

The names below are all from Page 12 of your book.

I'm very sorry that this wasn't found prior to the printing of the 100 Anniversary Book.

With the addition of these names the total number of members listed is 310.

I would like to thank Danny Beck for bringing it to my attention.
